"Multiple rival candidates questioned Yancy's lack of a voting history in the ward. He said he voted from 2004 to 2008 before leaving the ward, and then began voting again in the 2022 primary and midterm elections after moving back to the ward during the pandemic."

The Hyde Park Herald asked as well: https://www.hpherald.com/evening_digest/5th-ward-aldermanic-candidate-desmon-yancy-responds-to-questions-from-competitors-about-residency-and-voter/article_b091c7a6-af24-11ed-a561-cfdaf02c3053.html

"He initially told the Herald that he did not vote in the ward — or in South Holland — in the 2019 or 2020 elections, but voting records from the Cook County clerk show he did vote in the 2020 March primary and general elections while registered at the South Holland address."

"As a long-time resident of South Shore and father of an 8-year-old son, Yancy is familiar with the 5th Ward's resources and opportunities."

Desmon Yancy is not a long time resident of South Shore as demonstrated by his voting record. Character matters.

Desmon responds to allegations of his residency. Sure they have been disproved. What was disturbing is Desmon said that I had a women come to his ex wife house. Which is a lie. He is just upset that I am the one that exposed his record of not voting in the 5th ward.
